# Prototype

## Viktoria Modesta

VERSE ONE
Another life, filled with parts
Circuit board, connecting hearts
Nostalgia for the future
We're playing god
And now's the time
We're limitless, we're not confined
Its our futureCHORUS
I'm the pro.. i'm the pro.. i'm the pro
i'm the pro.. i'm the pro..Im the prototype
I'm the pro.. i'm the pro.. i'm the pro
i'm the pro.. i'm the pro..Im the prototypeBRIDGE
Provocately i deny your effort, I'm dedicated
Coz im not restricted by your method
I aint another project, just messing with your logic
Im progressive, not agressive
Stop limiting yourself with your ambition
Your insults, they just give me ammunition
I got a full clip and a hot whip
Are you ready coz we going on a guilt trip ahh..VERSE TWO
Assemble me, piece by piece
Strip away the incomplete, the model of the future
Colliding minds, its just a start
Feel the sparks, we're building art
Its the vertigo of freedom ohh..
