Stryper

Free to turn away say goodbye
Free to walk away and deny
The gift waiting for you
Whispers a still small voice, it's your choice You're free, free to do what you want to
Choose your own destiny
Free to do what you want to Free to open up and believe
Free to only ask and receive
There's no better time than now
'Cause you've got the right
To choose, you can't lose You're free, free to do what you want to
Choose your own destiny
Free to do what you want to Free, free to do what you want to
Choose your own destiny
Free to do what you want to Free, free to do what you want to
Choose your own destiny
Free to do what you want to
