

Dog Without Wings

Kathryn Williams

Ddogs been hanging 'round my door for three days
 Been barking like they're talking
 It's been raining for more than three days
And still they're not movingI tasted her on your skin
 I didn't tell you
 You tasted her in your mind
You didn't tell meYou talk of angels and their wings
 Do you think your God
 Cause i am no angel with pretty wings
I am barking with the dogsI saw her and me in your eyes
 Both of us inside you
 Two loves inside you
And the only thing you wanted was you
