

# Feeding Frenzy

## Winger

Got blood, and gutts got a real survivor...  
killers and crooks - evening's looking brighter  
dishin' off the inside of somebody else's life  
And we can tune in later for the big disaster  
yeah, it's what we're after  
everybody's watching, everybody's listening  
the whole world's tunin' and we wouldn't wanna miss it  
praise the recreator for the modern gladiator  
everybody's tuning in so let the feeding frenzy begin  
Got superstars who will make you fall in love with  
stand on the secrets we can tear them down with  
who cares if it's lies if it's just somebody else's life.  
And if you stay tuned maybe we can see that wacko in a body bag (HOO)  
everybody's watching, everybody's listening

the whole world's tunin' and we wouldn't wanna miss it  
praise the recreator for the modern gladiator  
everybody's tuning in so let the feeding frenzy begin  
And when you're bored and empty they got hell of plenty  
God! Entertainment!

Give us something crazy cuz.  
everybody's watching, everybody's listening  
the whole world's tunin' and we wouldn't wanna miss it  
praise the recreator for the modern gladiator  
everybody's tuning and the freakier the better  
everybody's watching, everybody's listening  
the whole world's tunin' and we wouldn't wanna miss it  
praise the recreator for the modern gladiator  
everybody's tuning in so let the feeding frenzy begin
