Beautiful Feeling

RKL

Can you see, can you see? The colors on your wall, Reality's much different now, The answers at your call. Like a tiny infant, Care with every step. Moving through this fantasy, Now gamble, place your bets. Don't stop this trip, `Cause I don't wanna grip. Don't stop this trip, 'Cause I don't wanna grip. Brain is frying hard now, Hallucinations wild. Curiosity's growing, Like a feeble child. You think you know about what I am, You can say I'm just like them My brain is burning, can't you see? We're all Rich Kids On LSD Don't stop this trip. `Cause I don't wanna grip. Don't stop this trip. `Cause I don't wanna grip. Don't stop this trip. `Cause I don't wanna grip. Don't stop this trip. `Cause I don't wanna grip. Rich Kids On LSD!
