

Stone By Stone

Dredg

(Verse 1)

Stone by Stone

I constructed a cathedral

Stone by stone

built it up and wrecked it down

Stone by stone

everyone is looking to wear the crown

Stone by stone

even thought they got it all(Chorus)

It's getting on to you

Can I plead to give the strength below

You called me out to lead me on

I'm ready

Please forgive(Verse 2)

I'm running a marathon on glass shoes

I'm hiding behind windows

Stone by stone

whether headed up or down

Stone by stone

always looking never found

Stone by stone

even though they got it all(Chorus)Oooooooh

oooooohh

oooooohh,

ooooooh

ooooooo

ooooooo(Bridge instrumental)(Chorus x2)I'm running a marathon on glass shoes

I'm hiding behind windows

Stone by stone

build it up and watch it fall
