

Alice

Moby

Chorus 1

My head keeps turnin' turnin'

Like Russian roulette

Thoughts are like bullets

I cannot do this...do this...do this... do this... do thisChorus 2

Out of my field, out of my brain

Got it going on, when you make it insane

Gonna make it my love time, make it my love timeChorus 3

Cause this is the right world

This is the wrong world

This is the one world

This is the dark world

This is a short world

This is a short world

Can you become girl? Here in this fun world.Verse 1

Psychosomatic imagine having shadows creep from the sadness

The mirrors cracking and shatters, walls are chatting

Having tea with Alice and Rabbit, I wonder where I put my chalice

Chemically I'm imbalanced until I channel

Dragon through the heart of the devil, my minutes long as forever

My thoughts are spinning propellers to higher levels

Severed from your loving, I'm troubled I talk to no one

And no one told there's no one, I fell and then I woke upWhere I'm not supposed to go where padded rooms
like sofas

They told me it's for my own good but voices are on my shoulder

The planet of the vultures devoted keep revolving

The spider web around my vocals, I call for help, but no one knows it

This is why I'm focusing mostly upon my my own shit.

I told you, I'm not the culprit, I'm only the one you notice

Walkin across the ocean, explosives on locomotives

I'm hopeless without you, notice I'm going out of my marblesChorus 2

Out of my field, out of my brain

Got it going on, when you make it insane

Gonna make it my love time, make it my love timeChorus 3

Cause this is the right world

This is the wrong world

This is the one world

This is the dark world

This is a short world
