because its about to go down

keep moving keep walking
don't you ever look down
when your under the right road dont turn around
the road is long and rocking

keep climbing that mountain
getting straight to the top
know that we going right down to the drop
i know we gonna make it (yeah yeah) x2

cause i let the children say
we not giving up x5

keep shaking, dancing, wining
and don't you stop we going forward
there is no turning back
i know we gonna make it (yeah yeah) x2

stay faihtful, hopeful never lose sight of it
from this yourself no way never gonna quit
i know we gonna make it
because i let the children say
we not giving up x4

its about that time yall 1..2..1..2..3..

in that night we pray
and in that day we play
and the angelsguide our way
