Gonna Die

Autre Ne Veut

Go, send me in the world I died
Im feeling more, Ill give you now
What I had for a whileThere and still and I threw you off
Lie to my face and Im gonna get it for a whileAnd oh, Im gonna die
And Im feeling more, Ill give you now
What I had for a whileAnd Im gonna die
Im feeling more, Ill give you now
What I had for a whileOh, something that I got
And I think that I gave you more than a wholeYou say Im bad news to you
This light on my face and I
Ill be your grey for a while
