

# Christmas Kiss

Meaghan Smith

A kiss, a kiss  
I'm wishing for a Christmas kiss  
You know, I'm standing by the mistletoe  
And if you shimmy to the left,  
My dear, we couldn't miss  
I've got a lot of gadgets  
Like my new iPod, cellphone  
Ringtones and mp3's are great, I know  
But high-tech just isn't what I'm wishing for  
Well, if you're wondering what to get me  
I've got almost everything on my list  
But, baby, I'm still wishing  
I'm wishing for a Christmas kiss  
I would not say no to dinner and a show in Rome  
And, oh, the sun in Mexico  
And the snow in the Alps  
I couldn't help myself  
As if you didn't know  
A Les Paul guitar will get you pretty far  
And I'd be over the moon for a Paris rendezvous  
Well, speaking of the moon,  
How 'bout a round trip  
On a rocketship for two?  
'Cause if you're wondering what to get me  
I've got almost everything on my list  
But, baby, I'm still wishing  
I'm wishing for a Christmas kiss  
A snowy midnight candy cane kiss  
Is even sweeter than summer's bliss  
It may seem small when expectations are high  
But, baby, it's my one heart's desire  
A kiss, a kiss  
I'm wishing for a Christmas kiss  
A kiss, a kiss  
I'm wishing for a Christmas kiss  
My dear, you couldn't miss  
Give me just a Christmas kiss
