

Take Back Home Girl (feat. Tori Kelly)

Chris Lane

[Verse 1: Chris Lane & Tori Kelly]

Duffle bag, backseat

My dash, your feet

Those other side of the highway headlights making you shine

My hand, your leg

Playlist playing

Even though I haven't made it yet

I'm dragging it, dropping it in my mind[Chorus: Chris Lane & Tori Kelly]

You're a drive real slow, down a no lane road

To a house on a hill where the wild things grow

You're wake up in pajamas, not a trace of makeup on ya

You're a help her fix it, having breakfast with my momma

You're a take back home, home, home girl

Home, home, home girl

Take back home, home, home girl

Home, home, home girl

[Verse 2: Tori Kelly & Chris Lane]

You're the kind I wanna take a ride with

Sit by on a Friday night

In the stadium lights, side by side

All the ladies like, "Yeah, she's doing just fine"

Everybody in the bleachers, they all gon' want to meet ya

From my teachers to my preacher

My little crowd pleaser

Parading with you feeling homecoming cool, yeah[Chorus: Chris Lane & Tori Kelly]

I wanna drive real slow, down a no lane road

To a house on a hill where the wild things grow

You're wake up in pajamas, not a trace of makeup on ya

You're a help her fix it, having breakfast with my momma

You're a take back home, home, home girl

Home, home, home girl

Take back home, home, home girl

Home, home, home girl

[Post-Chorus: Chris Lane & Tori Kelly]

You're a take back, you're a take back

You're a take back home girl

You're a take back home

You're a take back home girl[Bridge: Chris Lane]

You got that down home, homegrown, found on good ground soul

That down home, home grown, found on good ground soul[Chorus: Chris Lane & Tori Kelly]

 You're a drive real slow, down a no lane road

 To a house on a hill where the wild things grow

 You're wake up in pajamas, not a trace of makeup on ya

 You're a help her fix it, having breakfast with my momma

 You're a take back home, home, home girl

 Home, home, home girl

 Take back home, home, home girl

Home, home, home girl[Post-Chorus: Chris Lane & Tori Kelly]

 You're a take back, you're a take back

 You're a take back home girl

 You're a take back home, yeah

 You're a take back home girl

 You're a take back home
