Cookie Cutter

Pretty Ricky

Whoa, yeah
Whoa, yeah
Whoa, yeah
Whoa
Yeah let's go
Never in my life
Felt this way
Had to pinch myself twice
Can't believe how you look tonight
Feels like I'm livin' a fantasy
'Cause honestly you are like
Ten million stars
You're so bright
Shine so hard no need for sunlight
Don't you move girl
'Cause I've been waiting for this day to come
Shawty no way
No other girl does it better than you
She got seven on them sixes
With hello kitty seats
Drop it low if you got dunk in the trunk girl
(Chorus)
She's explosive
I'm not afraid to let her know it
I'm never gonna let her to
Step to the average you
She's not a cookie cutter
One and only
I can never let her go
I swear to tell the girl the truth
A step above the average you
She's not a cookie cutter
(Bridge)
Cutter, she's not your cookie cutter
Cookie cutter cutter
I gotta gotta gotta have her
And I gotta cut her
Gotta cut her
Gotta have her

Yeah I gotta have her
She's not a cookie cutter
Shoulda' let her know
That she's on another level
Nothing compares to my angel
I can't even describe what she does to me
But I try to explain
Words get in the way
Romance showed up to my baby
Makes me feel like I'm super human
I feel I could fly
Shawty no way
No other girl does it better than you
She got seven on them sixes
With hello kitty seats
Drop it low if you got dunk in the trunk girl
She's explosive

I'm not afraid to let her know it
I'm never gonna let her to
Step to the average you
She's not a cookie cutter
One and only
I can never let her go
I swear to tell the girl the truth
A step above the average you
She's not a cookie cutter
Wooooooo...
Hey, hey, hey, hey
She's not a cookie cutter
Cutter, she's not your cookie cutter
Cookie cutter cutter
I gotta gotta gotta have her
And I gotta cut her
Gotta cut her
Gotta have her
Yeah I gotta have her
She's not a cookie cutter
Yeah, who could understand
You the different type
Even one in a mill
You one of a kind
I love it how you do it
Cause you do it just right
Can't help it but be glad

That you're mine
Uhh, shawty, if you pretty say pretty ricky
Shawty, if you pretty say pretty ricky
Pretty pretty ricky
Pretty ricky
Pretty pretty ricky
Pretty ricky
Never in my life
Felt this way
Had to pinch myself twice
Can't believe how you look tonight
A fantasy
'Cause honestly you are
She's explosive
I'm not afraid to let her know it
I'm never gonna let her to
Step to the average you
She's not a cookie cutter
One and only
I can never let her go
I swear to tell the girl the truth
A step above the average you
She's not a cookie cutter
Cutter, she's not your cookie cutter
Cookie cutter cutter
I gotta gotta gotta have her
And I gotta cut her
Gotta cut her
Gotta have her
Yeah I gotta have her
She's not a cookie cutter girl
