

# Cookie Cutter

## Pretty Ricky

Whoa, yeah  
Whoa, yeah  
Whoa, yeah  
Whoa  
Yeah let's go  
Never in my life  
Felt this way  
Had to pinch myself twice  
Can't believe how you look tonight  
Feels like I'm livin' a fantasy  
'Cause honestly you are like  
Ten million stars  
You're so bright  
Shine so hard no need for sunlight  
Don't you move girl  
'Cause I've been waiting for this day to come  
Shawty no way  
No other girl does it better than you  
She got seven on them sixes  
With hello kitty seats  
Drop it low if you got dunk in the trunk girl  
(Chorus)  
She's explosive  
I'm not afraid to let her know it  
I'm never gonna let her to  
Step to the average you  
She's not a cookie cutter  
One and only  
I can never let her go  
I swear to tell the girl the truth  
A step above the average you  
She's not a cookie cutter  
(Bridge)  
Cutter, she's not your cookie cutter  
Cookie cutter cutter  
I gotta gotta gotta have her  
And I gotta cut her  
Gotta cut her  
Gotta have her

Yeah I gotta have her  
She's not a cookie cutter  
Shoulda' let her know  
That she's on another level  
Nothing compares to my angel  
I can't even describe what she does to me  
But I try to explain  
Words get in the way  
Romance showed up to my baby  
Makes me feel like I'm super human  
I feel I could fly  
Shawty no way  
No other girl does it better than you  
She got seven on them sixes  
With hello kitty seats  
Drop it low if you got dunk in the trunk girl  
She's explosive

I'm not afraid to let her know it  
I'm never gonna let her to  
Step to the average you  
She's not a cookie cutter  
One and only  
I can never let her go  
I swear to tell the girl the truth  
A step above the average you  
She's not a cookie cutter  
Wooooooooo...  
Hey, hey, hey, hey  
She's not a cookie cutter  
Cutter, she's not your cookie cutter  
Cookie cutter cutter  
I gotta gotta gotta have her  
And I gotta cut her  
Gotta cut her  
Gotta have her  
Yeah I gotta have her  
She's not a cookie cutter  
Yeah, who could understand  
You the different type  
Even one in a mill  
You one of a kind  
I love it how you do it  
Cause you do it just right  
Can't help it but be glad

That you're mine  
Uhh, shawty, if you pretty say pretty ricky  
Shawty, if you pretty say pretty ricky  
Pretty pretty ricky  
Pretty ricky  
Pretty pretty ricky  
Pretty ricky  
Never in my life  
Felt this way  
Had to pinch myself twice  
Can't believe how you look tonight  
A fantasy  
'Cause honestly you are  
She's explosive  
I'm not afraid to let her know it  
I'm never gonna let her to  
Step to the average you  
She's not a cookie cutter  
One and only  
I can never let her go  
I swear to tell the girl the truth  
A step above the average you  
She's not a cookie cutter  
Cutter, she's not your cookie cutter  
Cookie cutter cutter  
I gotta gotta gotta have her  
And I gotta cut her  
Gotta cut her  
Gotta have her  
Yeah I gotta have her  
She's not a cookie cutter girl
