

# Camouflage

## Jebroer

Justice comes into your life and then you?ll know  
You?ll know  
    Justice comes, justice let it come  
    I get the justice coming for you and I  
    I get the joy joy when it comes my joy, I get the joy  
        When justice comes to everyone  
    Why does a willow weep when all I see?s a tree grow  
        All in camouflage everyone that I know  
    We walk along like sequel, you?re a cameo  
        You?ve got your joy  
        So find the people of your own  
    I?ll take in anyone who?s taking off their camouflage  
        Go on, check it  
    I?ll take in anyone who?s messing up the sabotage  
        To yourself don?t destroy  
    I?ll take in anyone who?s taking off their camouflage  
        Gimme the ball, gimme it all, big orange ball  
        Roll up over fields  
    I shame the Devil 'cause I throw it down so hard  
        I rock the big line, I rock the back yard  
        Be a dream in color even on a winter?s night  
    Thinking George Seurat, afternoon bathed in light  
        Get your joy no matter who says it?s right  
        Their cover?s blown  
        Find the story of your own  
        Check it  
    I?ll take in anyone who?s taking off their camouflage  
        Go on check it  
    I?ll take in anyone who?s messing up the sabotage  
        To yourself don?t destroy  
    I?ll take in anyone who?s taking off their camouflage  
        Okay, okay, okay  
    In the geometry of, prism of my of my eye will flow  
        I ask the questions and wonder why  
    Only to roll in a big arrange ball that floats in a summer sky  
        Take it up from the underground, proactive and soul  
        Play a vital roll that?s what you are  
        Check it, check it, check it  
    I?ll take in anyone who?s taking off their camouflage

Go on check it  
I'll take in anyone who's messing up the sabotage  
To yourself don't destroy  
I'll take in anyone who's taking off their camouflage  
Yeah
