I Will Never Let You Down

Caliban

GoWake up, stand up
For everything you want
Let's go, let's live
What are your dreams, what do you wish?It's up to you
So open up your eyes
And see, what could be
The world is there for us, for usForever, we will be together
To love for life
Let all go, let me lead
To be freeLet me be
Your eyes forever mine
Let me be
Your guide through this lifeWhat is real, what is fake?
You'll never know for sure
All the pain, all the lies
I'll take them away from youIt's up to you
So open up your eyes
And see, what could be
The world is there for us, there for usLet me be
Your eyes forever mine
Let me be
Your guide through this lifeI will never let you down
Let you downForever, we will be together
To love for life
Let all go, let me lead
To be free
