

A Sentimental Blues

[Ray Charles](#)

A sentimental blues will worry you
And make you do things that you wouldn't do
Only when you hear these blues A sentimental blues will wet your eye
You wonder why you heave a sigh
You start to cry each time that you hear these blues Sigh, sigh, sigh and drool
Cry, cry, cry, you fool
Yes, I know that it's cool A sentimental blues deep down inside
Will make you hide your foolish pride
A sentimental blues will make you lose your mind Sigh, sigh, sigh and drool
Cry, cry, cry, you fool
Yes, I know that it's cool A sentimental blues deep down inside
Will make you hide your foolish pride
A sentimental blues will make you lose your mind
