A Sentimental Blues

Ray Charles

A sentimental blues will worry you
And make you do things that you wouldn't do
Only when you hear these bluesA sentimental blues will wet your eye
You wonder why you heave a sigh
You start to cry each time that you hear these bluesSigh, sigh, sigh and drool
Cry, cry, cry, you fool
Yes, I know that it's coolA sentimental blues deep down inside
Will make you hide your foolish pride
A sentimental blues will make you lose your mindSigh, sigh, sigh and drool
Cry, cry, cry, you fool
Yes, I know that it's coolA sentimental blues deep down inside
Will make you hide your foolish pride
A sentimental blues will make you lose your mind
