

Lonely

[Yael Naim](#)

You are not alone
I am here with you
Even when you're scared
I'll never leave you
Standing in a storm Making it insane
Once again, I will try
To enchain you
But you open your eyes to the sky
And whisper [Chorus:]
That you are so lonely
You are so alone
You're so alone
You're so lonely, so lonely So I'm coloring my face
While I am here with you
Imagining the landscape of your sorrow
Is it yellow or blue? Coloring the sky, and the trees
And the clouds, and the moonlight
I'd colored your heart
If you didn't I did [Chorus:]
You're so alone
You're so lonely, so lonely And I wish you could just find home
Mmm...mmm...
