

All Creation Sings

[Andrea Hamilton](#)

Verse 1:

Praise awaits You, God of Earth
For Your beauty, endless worth
Praise awaits You, God on high
Total honor and love arise

Chorus:

All creation sings
Praises to our King,
Praises to our King,
These songs are offerings
Every heart can bring,
Every heart can bring,
The earth resounds with praise
While all creation sings

Verse 2:

Praise awaits You, God alone
All our worship surrounds Your throne
Praise awaits You, Holy One
For Your glory and what You've done

Chorus

Bridge:

You are our Maker
You are Creator,
You're the First
You are our music
You are the tune of every verse
We join the angels as,

Chorus
