

# Back to You (feat. Kylah Jasmine)

[Kyle Watson](#)

Floating away to pieces  
and fly  
and we will reach the sky  
hmmmmmmmm  
bring me to my knees  
i think its time we crash together (crash together)  
would you take me- take me back to you  
Would you, would you?  
Would you take me.. Take me back to you? (crash together)  
Would you take me.. Take me back to you?  
Would you, would you?  
Would you take me?
