I Will Rise

Cattle & Cane

I will rise
Don't despise
The hope in all our eyesI will rise up with the sun
Cause I will rise up with the sunKeep your head
Don't be led
By the voices in your headCause I will rise up with the sun
I will rise up with the sunAnd for once I and for once I
And for once I and for once IAnd for once I feel alive
and for once I feel alive
Now that you're here by my side
Can you take me back home, homeCause I will rise up with the sun
I will rise up with the sun
cause I will rise up with the sun
I will rise up with the sun
with the sun x3
