

# Shivers

Paul McDermott

Shivers

Fingers scratching blackboards  
Make cowards of the brave  
A natural reaction  
From the cradle to the grave  
Rats and bats and spiders  
And little things that crawl  
Never make me tremble  
I'm bothered not at all  
Then I saw you  
Something new inside of me  
What's this shakin'  
You made me shiver  
Cemetery midnights  
Walking on the dead  
Never seemed to matter  
It's all inside your head  
Names are only letters  
Mentioned on a stone  
And If you're going somewhere  
You're going it alone

Then I saw you  
Something new inside of me  
What's this shakin'  
You made me shiver  
Magic charms and voodoo  
And all those other spells  
Didn't make impressions  
I never slept so well  
If I had a nightmare  
I'm sure that I would know  
I really don't remember  
But I'm sure it isn't so  
Then I saw you  
Something new inside of me  
What's this shakin'  
You made me shiver  
Turn out the lights it won't matter

A bucket of blood and I'm fine  
A black cat's only a color  
But you can do it every time
