

# Mined Expanders (Horror Stories)

## Dwarves

I know you think you're taking mind expanders  
The price you pay is that it don't cost nothing  
    You get the truth  
    You get an advertisement  
    You get the truth, so  
    You get a lie behind it  
I know you think you're taking mind expanders  
    I know I'm evil, the kind you got to slander
