

Mystery Of One Spirit

Shadows Fall

Inspiration is the light of the mind
Revelation the meaning behind
Clouds of sacred incense allow us to rise
Cast away all our earthly ties Without a veil of tears
Journey of the magi cascading
Fulfillment of our mind your cowardice
Is fuel for this deception your vanity
Destruction of our soul Cannot defend
Lies without end
I'll smash you trend
Living to be free Cannot defend
Lies without end
I will pretend
No more Smashing through the doors of your perception
Realization of a world beyond the tangible
Ancestral wisdom timeless inspiration
The mystery of one spirit I create the light I create the darkness
Author alike of prosperity and woe
Their God is but a symptom of their power
Another tool they use to dominate and control Without a veil of tears
Journey of the magi cascading
Fulfillment of our mind your cowardice
Is fuel for this deception your vanity
Destruction of our soul Cannot defend
Lies without end
I'll smash you trend
Living to be free Cannot defend
Lies without end
I will pretend
No more Smashing through the doors of your perception
Realization of a world beyond the tangible
Ancestral wisdom timeless inspiration
The mystery of one spirit Smashing through the doors of your perception
Realization of a world beyond the tangible
Ancestral wisdom timeless inspiration
The mystery of one spirit
