

# Jesus to the World

## This Beautiful Republic

VS1

Sometimes it's hard to see You, But I see Your people  
Sometimes it's hard to hear You, But I heard Your preachers  
My proof is in the way, the way that they shine  
That's how I know that

Chorus

The sun is coming down  
I get the feeling that I'm not home yet  
Yeah it's Your people  
They're Jesus to the world

VS2

When it was hard to see You, They gave me another chance like you  
When it was hard to hear You, I could hear them speak Your words  
My proof is in the way, the way that they shine  
That's how I know that

Bridge

It's always the way, the way I know
