

I Dream A Highway

Gillian Welch

Oh, I dream a highway back to you, love
A winding ribbon with a band of gold
A silver vision, come and rest my soul

I dream a highway back to youJohn, he's kicking out the footlights
The Grand Ole Opry's got a brand new band
Lord, let me die with a hammer in my hand

I dream a highway back to youI think I'll move down into Memphis
And thank the hatchet man who forked my tongue
I lie and wait until the wagons come

And dream a highway back to youThe getaway kickin' up cinders
An empty wagon full of rattling bones
Moon in the mirror on a three hour Jones

I dream a highway back to youOh, I dream a highway back to you, love
A winding ribbon with a band of gold
A silver vision, come arrest my soul

I dream a highway back to youWhich lover are you, Jack of Diamonds?
Now you be Emmylou and I'll be Gram
I send a letter, don't know who I am

I dream a highway back to youI'm an indisguisable shade of twilight
Any second now, I'm gonna turn myself on
In the blue display of the cool cathode ray

I dream a highway back to youI wish you knew me, Jack of Diamonds
Fire riding, wheeling when I lead 'em up
Drank whiskey with my water, sugar in my tea
My sails in rags with the staggers and the jags

I dream a highway back to youOh, I dream a highway back to you, love
A winding ribbon with a band of gold
A silver vision, come molest my soul

I dream a highway back to youNow, give me some of what you're having
I'll take you as a viper into my head
A knife into my bed, arsenic when I'm fed

I dream a highway back to youHang overhead from all directions
Radiation from the porcelain light
Blind and blistered by the morning white

I dream a highway back to youSunday morning at the Diner
Hollywood trembles on the verge of tears
I watched the waitress for a thousand years
Saw a wheel inside a wheel, heard a call within a call

I dreamed a highway back to, youOh, I dream a highway back to you, love

A winding ribbon with a band of gold
A silver vision, come molest my soul
I dream a highway back to youStep into the light, poor Lazarus
Don't lie alone behind the window shade
Let me see the mark death made
I dream a highway back to you
I dream a highway back to youWhat will sustain us through the winter?
Where did last years lessons go?
Walk me out into the rain and snow
I dream a highway back to youOh, I dream a highway back to you, love
A winding ribbon with a band of gold
A silver vision, come and bless my soul
I dream a highway back to you
I dream a highway back to youOh, I dream a highway back to you, love
A winding ribbon with a band of gold
A silver vision, come and bless my soul
I dream a highway back to you
