

Blow Your Mind

Nick Carter

Girl

I saw you dancing
I'm looking like trash
But yet you're glancing

I said: "Hello,
I'm a rock star",
She said: "I don't care who you are
Just take me with you,
And I will blow your mind"

[Chorus]

This girl was crazy,
Completely out of line
But how she amazed me
Should of seen her grind
I guess she blew my mind

So we've gone past dating
She's spending my cash
And I'm up waiting

I said: "Baby,
Why the new car?"
She said:
"I'm the girlfriend of a star,
Just let me have this...
And I will blow your mind"

[Chorus]

Yeah

Yeah

Yeah

I should of seen her grind
I guess she blew my mind

So typically me
Always falling for the easy
And now I can't breathe

So typically me
Always falling for the easy
And when you can't see
She's gonna blow your mind

[Chorus]
