

# Tear It Down (Live At the Ritz)

## D.R.I.

Fighting this society, there's only one way to win  
We must stick together through all thick and thin  
Cross over the line of your stubborn, closed mind

Don't be surprised at what you might findThings you thought wrong may have always been right

You'll probably find fault in your reasons to fight

You really don't differ from what I can see

Ain't it time to unite or is it just me?Just as we watch them build this empire

So they shall watch us tear it down

If not with our words

Then with the power of our soundFighting this society, there's only one way to win

We must stick together through all thick and thin

Cross over the line of your stubborn, closed mind

Don't be surprised at what you might findWe are the future, so let's get things straight

Combine our forces before it's too late

Fighting ourselves can't go on any longer

We must fight together if we want to grow strongerWe can tear it down

We can tear it down

We must tear it down

We will tear it downFighting this society, there's only one way to win

We must stick together through all thick and thin

Cross over the line of your stubborn, closed mind

Don't be surprised at what you might findThings you thought wrong may have always been right

You'll probably find fault in your reasons to fight

You really don't differ from what I can see

Ain't it time to unite or is it just me?Just as we watch them build this empire

So they shall watch us tear it down

If not with our words

Then with the power of our soundFighting this society, there's only one way to win

We must stick together through all thick and thin

Cross over the line of your stubborn, closed mind

Don't be surprised at what you might findWe are the future, so let's get things straight

Combine our forces before it's too late

Fighting ourselves can't go on any longer

We must fight together if we want to grow strongerWe can tear it down

We can tear it down

We must tear it down

We will tear it downWe can tear it down

We can tear it down

We must tear it down

We will tear it down
