

It Takes So Long (To Say Goodbye)

Dean Martin

It takes so long to say goodbye
Goodbye is a long, long time
Tonight my love the moonbeams shine
Upon your dream and mine So take my kiss to sleep with you
This kiss of love divine
Oh, it takes so long to say goodbye
Goodbye is a long, long time (So take my kiss to sleep with you)
(This kiss of love divine)
Oh, it takes so long to say goodbye
Goodbye is a long, long time
Goodbye is a long, long time
