

# The Last Waltz

Rodney Crowell

Sometimes there's heartaches and teardrops will fall  
Good years and bad years, we live through it all  
There's no easy answer to the trouble I see  
But I'm happy just knowin', you're saving the last waltz for me  
Sometimes it's diamonds and sometimes it's dirt  
Sometimes it's magic and sometimes it's work  
There's no easy answer to the trouble I see  
But I'm happy just knowin', your saving the last waltz for me  
Someday we're gonna sail away  
Somehow we're gonna fly  
Someway we'll see the light of day  
Shine on high  
After the harvest when winter is near  
The last fiddle playin' is all I can hear  
There's no easy answer to the trouble I see  
But I'm happy just knowin', you're saving the last waltz for me  
There's no easy answer to the trouble I see  
But I'm happy just knowin', you're saving the last waltz for me
