

Down

Chris Brown

I wanna get down, down, down, down
Down, down, down
Get down, we can get down
Mr. West is in the building, children, ladies
Call the shrink up, they about to go crazy
Hold your drinks up like you were celebrating
Hold your guns if they is hella hating
I'm so clean and them, they got rabies
I can see it through the lens of my Raybie
And wait fast, yeah, do you play fair?
Grab your remote for the reason they made TiVo
Snap your Nikon's with the icons with Nike's on
I heard you like to do it with the lights on
But I really make babies when the mic's on
Check out all my kids that ball all my cribs
Got me out of that apartment, you have got to pardon him
I am so retarded with a spit like a retarded kid that spits
Oops, I ain't mean to say that
I told my homie Chris, these chicks is dangerous
You need a girl that's A list, not one that's just barely made it on A list
'Cause from Wall To Wall, we got it poppin' right now
It's a hundred girls tryin' to get down, down, down
Baby girl, gotta tell you
Seen you somewhere before, you look familiar
You had a red shirt, Dickies slacks and a Gucci bag to match
Tell me you remember that, baby girl?
But lady, never mind that, can I take you out later?
And here's my contact, can you do me this favor?
Let me [Incomprehensible] paper
On you 'cause it's just sitting there, let's just read it and go

Let me, let me, guarantee, guarantee
I'll make your day, okay
I wanna get down, down, down, down
Down, down, down
Get down, we can get down
The way I see it, girl, you a perfect ten
That's why I'm all on you, baby, you got me wondering
What to do, what to say, don't wanna come off lame

Girl, do you got a man? Better yet, girl, what's your name?

Let me, let me, guarantee, guarantee

I'll make your day, okay

Now if you hit it, shawty, shawty

Let me, let me take you better way

Baby, can we dream just for today?

I wanna get down, down, down, down

Down, down, down

Get down, we can get down

I wanna get down, down, down, down

Down, down, down

Get down, we can get down

I wanna get down, down, down, down

Down, down, down

Get down, we can get down

I wanna get down, down, down, down

Down, down, down

Get down, we can get down

You are my ladies

Sexy ladies

I wanna get down, get down
