# Water and Sleep

## Mirah

Water come up from the ocean
Water come right up the street
Water come up to the edge of my bed
Water come up while i sleepI'll wait for sleep
Leave salt on my sheets
Salt on my sheetsBy stars navigate
Dreams anticipate
By night it's too late
To try and not think about itI'm visible
I'm invisible
The moon it is full
It pulls back and forthI'll wait for sleep
To take me again
Take me againThe ocean side
Roller coaster rides
Please tell me why
They're all closed for the seasonThe rivers rise
The wells run dry
Water it tries
To swell and make it's markI'll wait for sleep
Leave salt on my sheets
Salt on my sheetsReady for water
Ready for the sea
Dried out from water
Tired out from sleepGet inside of water
Get inside of sleep
Get inside the things you do
Get inside of me
(repeat)
