

# Bad Weekend

## Art Brut

Haven't read the NME in so long  
Don't know what genre we belong  
Haven't read the NME in so long  
Don't know what genre we belong  
Popular culture no longer applies to me  
It's tough at the top, the fashionista  
Text in Topshop, text in Topshop  
Sometimes it's hard to stop  
When your heart is set on Top of the Pops  
Top of the Pops  
Haven't read the NME in so long  
Don't know what genre we belong  
Haven't read the NME in so long  
Don't know what genre we belong  
Popular culture no longer applies to me  
Popular culture no longer applies to me  
Popular culture no longer applies to me  
It's tough at the top, the fashionista  
Text in Topshop, the text in Topshop  
Sometimes it's hard to stop  
When your heart is set on Top of the Pops  
Top of the Pops  
I saved up so much money to spend  
All I can afford is a bad weekend  
And there's no reason for staying in  
There's nothing on the television  
Popular culture no longer applies to me  
Popular culture no longer applies to me  
Popular culture no longer applies to me  
Popular culture no longer applies to me
