Invocation Of Naamah

Therion

In the glory of thy sparking
Might reflect the world its essence
O naamah, let the pillar of existence
Break down and give place to the gloom
That emanates from thouWe reach for thy lore
Thou Babylons whore
Thou scarlet whore
Riding the beast babalon
Lilith through naamah
Guardian of dreams
Let thy water flowMay we come forth through the mirror
And become one with thy abundance
Lepaca naamah ama ruach maskim rosaranWe reach for thy lore
Thou Babylons whore
Thou scarlet whore
Riding the beast babalon
Lilith through naamah
Guardian of dreams
Let thy water flowNaamah, daughter of thy heart of darkness
Emerge from the womb of the night
Come in your blazing garbOpen up your eyes to the concealed
Open you and bring forth the shades
As hover in the unknown up against us
Let your black fires emerge over the threshold
And bestow to us from your mightMay we come forth through the mirror
And become one with thy abundance
Lepaca naamah ama ruach maskim rosaran
