

# Total Surrender

[Stan Bush](#)

Do You Remember When We Were Young  
That Summer Night Had Just Begun  
At Seventeen We Were Caught In A Fire  
Right Between Youth And Desire  
I Saw The Wildness In Your Eyes No Holding Back, No Compromise  
There In The Back Seat Of My Car  
With Only The Sound Of Our Beatin' Hearts  
We Lost Control, Yeah We Went Too Far We Felt The Thunder, We Both knew A Storm Was Gonna Start  
Total Surrender Of The Heart Total Surrender  
There Was No Turnin' Back That Night  
There Was No Wrong Or Right  
Total Surrender In The Dark We Lost Our Innocence That Night  
But We Held On Until The Light  
Venturing Out In The Seas Unknown  
We Gave In To Our Own Free Will  
Couldn't Stop We Were On Our Own And Just For A Moment Time Stood Still  
Now I Dream About Your Touch  
We Found New Worlds, Yeah We Found So Much What I Wouldn't Give To Hold You In My Arms Again  
All Of My Life, Girl You're The Best There's Ever Been  
Ooh Total Surrender In The Dark  
There Was No Turnin' Back That Night  
Total Surrender Of The Heart  
There Was No Wrong Or Right Total Surrender In The Dark  
Total Surrender  
Total Surrender In The Dark  
There Was No Turnin' Back That Night  
There Was No Turnin' Back That Night No Wrong Or Right  
Total Surrender Of The Heart Total Surrender In The Dark  
No Turnin' Back That Night  
Total Surrender Of The Heart  
There Was No Wrong Or Right  
Total Surrender Total Surrender Total Surrender
