## Wolf

Lost and alone in this desolate place  
My senses betray me again  
Though still confused I know I am used  
Standing alone in the rain This night is dead, the stars are cold  
The wind blowing dark in my mind  
In the gathering gloom I sit all alone  
Listening to my desperate cries I am lost inside, buried alive  
I wish I could turn into stone  
Still lost inside, buried alive  
Why don't you leave me alone? I hardly remember the days I was free  
The time prior to your spell  
As an ignorant fool, writing hymns onto thee  
I drank from your poisonous well Those days are gone just like you  
You left me to wither and die  
After you drained me, you drank my blood  
Raise your cup to the princess of the night I am lost inside, buried alive  
I wish I could turn into stone  
Still lost inside, buried alive  
Why don't you leave me alone?  
Please leave me alone Lost and alone in this desolate place  
My senses betray me again  
Though still confused I know I am used  
Standing alone in the rain This night is dead, the stars are cold  
The wind blowing dark in my mind  
In the gathering gloom I sit all alone  
With no one to hear my last sigh I am lost inside, buried alive  
I wish I could turn into stone  
Still lost inside, buried alive  
Why don't you leave me alone?  
Don't leave me alone
