Last Night (Afrojack Remix)

Ian Carey

I'm in the club so damn gone
I lost my friends and i lost my phone
I'm staggering all by my lone'
I don't even know how I'm getting home
but its OK its alright
I'm so fresh yes, I'm so fly
I swore last night id give up drinking
such a lie what was i thinkingPre Chorus:
I see them moving, see them dancing
Yeah they doin' that
I see them grooving poppin' bottles
like its new to them
I wanna join them but it seems
like they're too far for me
plus where's the bathroom at
cause i really really got to peeChorus:
Last night, I don't remember last night
i said I'd never last night
what was I thinking?
I really need to give up drinking
I'm not gon' drink again
but who am i kiddin'
I'm about to call my friends tonight
and do it over againFresh out the bathroom I'm so relieved
I make my way up to the VIP
I done tripped on a step, what the heck
I take a quick look around
And I check my fresh
then I proceed to-to my mission
I see a bottle and the vodka glistenin
Good lord that looks so lovely
Pardon me while I chase this bubblyI see them moving, see them dancing
Yeah they doin' that
I see them grooving poppin' bottles
like its new to them
I wanna join them but it seems
like they're too far for me
plus where's the bathroom man
cause i really really got to peeLast night, I don't remember last night

i said I'd never last night
what was I thinking?
I really need to give up drinking
I'm not gon' drink again
but who am i kiddin'
I'm about to call my friends tonight
and do it over againDon't act like you don't drunk dial too!(Snoop Dogg)
