

Cornelia and Jane

Yo La Tengo

I hear the whispering
Just out of you
Still I know what's inside of you
Neighbors appear in the view
Let me clear for youHow? Let me hold on to youCaught up in motion
Swear when you're 'round
Too many sirens, they keep you up at night
Sit back and hold your earsHow will we hold back our tubes?I hear them whispering
They analyze
But no one knows
What's lost in your eyesSlipping away
They dig inside of you
And how can we hold on to you?
