

If You're Leavin'

Gloriana

If you're leavin', don't look back
Leave me like you mean it I know you're angry when you won't talk back
It's hard to take you serious when you act like that
It's not the first time we've run this road
But I'm tired of carryin' this heavy load If you're leavin', don't look back
Leave me like you mean it
If you're goin', pack your bags
Make my heart believe it
If you're leavin', if you're leavin' You never listened to the tears that fell
And I'm over screamin' down a wishin' well
But I was only tryin' to make you see
I never thought you'd really say to me If you're leavin', don't look back
Leave me like you mean it
If you're goin', pack your bags
Make my heart believe it
If I'm leavin', if I'm leavin' Girl, we can talk it out
Or we can scream and shout
And if you wanna you can slam the door
I get the feelin' that you'll be comin' back
Just like you did before If you're leavin', don't look back
Leave me like you mean it, oh yeah If you're leavin', don't look back
Leave me like you mean it
If you're goin', pack your bags
Make my heart believe it
If you're leavin', if you're leavin'
If you're leavin', if you're leavin'
