

Like Eating Glass

Bloc Party

It's so cold in this house
Open mouth swallowing us
The children staying home from school
Will not stop crying And I know that you're busy too, I know that you care
You got your finger on the pulse, you got your eyes everywhere
And it hurts all the time when you don't return my calls
And you haven't got the time to remember how it was
It's so cold in this house, it's so cold in this house I can't eat, I can't sleep
I can't sleep, I can't dream
An aversion to light
Got a fear of the ocean Like drinking poison, like eating glass
Like drinking poison, like eating glass
Like drinking poison, like eating glass
Like drinking poison, like eating It's so cold in this house, it's so cold in this house
It's so cold in this house, it's so cold in this path Like drinking poison, like eating glass
Like drinking poison, like eating glass
Like drinking poison, like eating glass
Like drinking poison, like eating [Incomprehensible]
How how it was We've got crosses on our eyes been walking into the walls again
We've got crosses on our eyes been walking into the furniture
We've got crosses on our eyes for richer, for poorer, for better, for worse
We've got crosses on our eyes we've been walking into the furniture
