

# Show Me How to Move

## The Elwins

If I had anyone to hold onto  
If I had anyone for a day  
We could be out of here  
Out of town and back around Ooo-Ooo, Ooo-Ooo  
Ooo-Ooo Cha-cha in my room to the a-side  
Dancing slow thinking of you  
Right now I have to know  
If I should let you go Ooo-Ooo, Ooo-Ooo  
Ooo-Ooo Step close to me  
See where the pieces meet  
Glide along endlessly I know what to do  
I've made up my mind  
Show me how to move  
Show me how to move  
You're spinning me round  
Can't tell up from down  
Show me how to move  
I'm crying out to you Looking down at my wrist for an answer  
Pony tails, gonna sail out past nine  
Turn around its clear you know  
That I won't let it go Ooo-Ooo, Ooo-Ooo  
Ooo-Ooo Ticking clocks gotta stop, stop trailing me  
Me everywhere, all the time  
from to the church to the cemetery Ooo-Ooo, Ooo-Ooo  
Ooo-Ooo Step close to me  
See where the pieces meet  
Glide along endlessly I know what to do  
I've made up my mind  
Show me how to move  
Show me how to move  
You're spinning me round  
Can't tell up from down  
Show me how to move  
I'm crying out to you Middle of the floor  
I had it all  
Just enough time to prove  
That what was in my head  
Could be shaking, dance to death  
Let reason to take a rest Show me how x 8 I know what to do

I've made up my mind  
Show me how to move  
Show me how to move  
You're spinning me round  
Can't tell up from down  
Show me how to move  
Show me how to move I know what to do  
I've made up my mind  
Show me how to move  
Show me how to move Making this a space  
Out of something new  
Show me how to move  
I'm crying out to you
