Drownin'

Tying Tiffany

I never thought that the sunrise
Could ever make me cry
It woke up memories of last night
I'd hoped were dreams gone by
Lost in a moment I went wrong
Now's not the moment to act strong
Cause I'm drownin'
In a sea of yesterday

I'm surrounded
By the moment that you lost your faith in me
When I went too far and all our stars collide
Now I'm drownin'
Inside
