

I Do You

The Jets

No one ever told me
A heart could ache as bad as mine
Boy, gotta tell ya
I thought that it would take my time I thank you for the care
Now I know you're there for me
I tell you what I've found
Now you've come around for me [Chorus]
Hey, if anybody loves you, ooh, baby I do you
If anybody loves you, ooh, baby I do you I may be sentimental
To fall for you again this way
But maybe you know better
And this time you're gonna stay
I thank you for the care
Now I know you're there for me, yeah
I tell you what I've found
Now you've come around for me [Chorus] My heart Take my heart from nothin'
Turn it into somethin'
You know I love you Yeah, yeah, yeah, yeah, yeah
Ah, yeah, yeah, yeah I thank you for the care
Now I know you're there for me
I tell you what I've found
Now you've come around for me [Chorus: x2] Hey, anybody loves you
Anybody loves you, ooh baby
