Here He Comes (lover Man)

Jimi Hendrix

Jimi:
'ok, here we go. I'm gonna try it with the long beginning ok. then, then, I'm gonna do the weak start. ok'
'what's it called jimi? '
Jimi:
'here he comes'
'here he comes take one'
Here he comes, I say
Here comes your lover now
Here he comes
Here comes your lover man
Aah I gotta get my head from this pillow
I gotta get outta your
No heart fellin's

Reach down baby and get my runnin' shoes
Oh yeah
Reach down baby and get my runnin' shoes
I gotta get outta here and I got no time to lose
Hey
Here he comes
Here comes your lover now
Here he comes
Here comes your lover man
I gotta get my suitcase
And get the hell outta just as fast as I can
Here he comes baby
Here he comes baby
Here he comes baby
Here he comes baby
Doo doo....
