

# Bring Yourself

Guy Sebastian

I can see your everything  
Don't you know it's not hard to bring  
Bring yourself to me, you know  
It's the world that you'd like  
I can see your everything  
Don't you know it's not hard to bring  
I can see that the world, you know  
Is the one left behind  
I can see that the world, you know  
It's the world that you'd like  
I can see that the world, you know  
Is the one left behind

Yes I

I can see your everything  
Don't you know it's not hard to bring  
Bring yourself to me, you know  
It's the world that you'd like  
I can see your everything  
Don't you know it's not hard to bring  
I can see that the world, you know  
Is the one left behind  
I can see that the world, you know  
It's the world that you'd like  
I can see that the world, you know  
Is the one left behind  
Ride that horse on in

I said "We've been waiting for a long time, yeah"  
We've tried to pick you up  
And you just tried to bring us down

So why don't you just keep it between the fire and the place?

What the hell?

So why don't you just ride that horse on in?

I said "We've given you the strength to"

So why don't you stay a while

Have some children, raise a family

Is this what you want?

Is this what you came for?

I said, "We've given you the strength to"

I said, "We've given you the strength to"

Given you the strength to

Given you the strength to

Given you the strength to

Given you the strength to

Given you the strength to, yeah

So bring yourself

Oh, and bring yourself

Yeah, so bring yourself

Oh, and bring yourself, oh

Yeah, so bring yourself

Oh, so bring yourself, yeah

I can see that the world, you know

It's the world that you'd like

I can see that the world, you know

Is the one left behind

I can see that the world, you know

It's the world that you'd like

I can see that the world, you know

Is the one left behind
