Words

Johnny Horton

Words can cause our love to tumble
Jealous words are so unkind
Words can cause a heart to stumble
Or they make a waste of timeWords are sweet when your love speaks them
With her heart or with her eyes
Words can make your darlin' happy
Or they make your darlin' cryWords are sweet when your love speaks them
With her heart or with her eyes
Words can make your darlin' happy
Or they make your darlin' cry
