

# Simple

## Jebediah

What I've found, I know

It's nice, it feels cool

It's how it should, simple

Chorus:

Lately I've felt so great

You're the best drug I take

My head has gone crazy

What have you done to me

Now I know, I know, I learn to breath x 4

I learn to breath

I know, what I've got

What I've got, won't let go - ha!

And my thoughts, in my head

I'm stupid and simple

Chorus

Now I know, I know, I learn to breath x 4

I learn to breath

Well I learn to x 3

My girlfriend
