

They Don't Know About Us (feat. Cody Simpson)

Victoria Duffield

Headline
Rumors and lights
Something's always going round
Cold eyes judging our lives
Like they know what's going down They want to read us like a frontpage story
Up in their business like they're paparazzi
They think we're just another tabloid crush
In the end they don't know about us If they wanna talk, let them talk
(Hey)
If they wanna whisper, then so what
(Hey)
They don't know about us
They don't know about us
They don't know about us If they wanna hate, let them hate
(Hey)
'Cause I don't matter what they say
(Hey)
They don't know about us
They don't know about us
They don't know about us No sound
Truth cutting out
Like a game of telephone
New found talk of the town
They don't wanna leave us alone They draw attention to he said, she say
Yeah you're the only one I hear in my head So let them dig they're just a tabloid pressure In the end they don't
know about us If they wanna talk, let them talk
(Hey)
If they wanna whisper, then so what
(Hey)
They don't know about us
They don't know about us
They don't know about us If they wanna hate, let them hate
(Hey)
'Cause I don't matter what they say
(Hey)
They don't know about us
They don't know about us
They don't know about us They don't know about us
(Hey)

They don't know about us
They don't, no
They don't know about us
(Hey)
They don't know about us
NoLet them say what they say
Baby they can talk all night and dayLet them waste their time
Rumors ain't never gonna change my mind'Cause when you hold me tight
I know it's worth the fightThey don't know the truth
They don't it like we doIf they wanna talk, let them talk
(Hey)
If they wanna whisper, then so what
(Hey)
They don't know about us
They don't know about us
They don't know about usIf they wanna hate, let them hate
(Hey)
'Cause I don't matter what they say
(Hey)
They don't know about us
They don't know about us
They don't know about usThey don't know about us
They don't know, they don't know
They don't know about us
They don't know, they don't know
They don't know about us
They don't know, they don't knowI like this right here
