Let's Talk Turkey

Ima Robot

Life
A reaction to emptiness
Time
Continues for the Boogyman
Just give me one
Chance
To feature you in sunshine
And we could both
Dance
The aphids swarm awayHello, hello
Losing concentration
Losing motivation
Losing groundSolo solo
Don't like moderation
Starved for conversation
Are you downLove
A reaction to some soft skin
What about
Trust
I've seen it here and there
And give me some
Girls
Be careful what you wish for
So take me
Out
Woo honey let's go dancingHello, hello
Losing concentration
Losing motivation
Losing groundSolo, solo
Don't like moderation
Starved for conversation
Are you downDon't stop wasting people's time
One day soon you're gonna shineHello, hello
Losing concentration
Losing motivation
Losing groundSolo, solo
Don't like moderation
Starved for conversation
Are you downHello, hello

Losing concentration
Losing motivation
Losing groundSolo, solo
Don't like moderation
Starved for conversation
Are you downAre you downDon't stop wasting people's time
