

Take Me Away

Tyrese

What did I do?
What did I say?
To make you hate me so much.
Where should I go?
Nobody knows.
Maybe I lost my touch.
When I look in your eyes and I see you cry,
I'm thinking how can I make this different.
When you stood by my side,
Through the lows and highs.
Maybe my mind just twisted.
I just wanna fly far away from here
Take me to a place way above the atmosphere
I just wanna fly far away from here
Take me to a place way above the atmosphere
Take me away
When I walk in the door,
you walk away,
'Cause you don't wanna see my face.

Sorry I lied,
Sorry you cried,
feel like this love just died.
Everything that I do, it makes you cry
too late to apologize.
I'm sorry the way we ended this page
Now let's put it all behind..
I just wanna fly far away from here
Take me to a place way above the atmosphere
I just wanna fly far away from here
Take me to a place way above the atmosphere
Take me away(x8)
I just wanna fly far away from here
Take me to a place way above the atmosphere
I just wanna fly far away from here
Take me to a place way above the atmosphere
I just wanna fly far away from here
Take me to a place way above the atmosphere
I just wanna fly far away from here

Take me to a place way above the atmosphere
Take me away
